About Me

With over 15 years of experience in the IT industry, I am Pushkar Jethwa, an AWS Certified Instructor and Microsoft Certified Trainer (MCT) specializing in OpenAI, Machine Learning, Artificial Intelligence, and Cloud technologies. My career has been marked by a dedication to leveraging technology to drive innovation and solve complex challenges.

I bring a wealth of experience working with a diverse set of tools and platforms, including Azure, AWS, Co-Pilot 365, OpenAI, MS Fabric, Power Platform and Data Platforms. My hands-on experience and deep understanding of these technologies enable me to deliver high-impact training and support to professionals looking to advance their skills in these areas.

As an instructor, my mission is to make complex concepts accessible and engaging. I design and deliver courses that not only cover theoretical knowledge but also provide practical, real-world applications. Whether you are delving into AWS Data Engineering, exploring AWS Machine Learning Specialties, or mastering data platforms, my goal is to equip you with the skills and confidence needed to excel.

In addition to teaching, I am passionate about staying current with the latest advancements in technology and continuously expanding my expertise. I look forward to helping you achieve your professional goals and navigate the ever-evolving landscape of IT.
